# VILLAGE OF LOON LAKE AUDITORS' REPORT AND FINANCIAL STATEMENTS December 31, 2023

The municipality's management is responsible for the preparation and presentation of the accompanying consolidated financial statements in accordance with Canadian public sector accounting standards (PSAS). The preparation of the statements necessarily includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgments and estimates by management is required.

In discharging its responsibilities for the integrity and fair presentation of the consolidated financial statements, management designs and maintains the necessary accounting, budget, and other related internal controls to provide reasonable assurance that transactions are appropriately authorized and accurately recorded, that assets are properly accounted for and safeguarded, and that financial records are properly maintained to provide reliable information for the preparation of the consolidated financial statements.

The Council is composed of elected officials who are not employees of the municipality. The Council is responsible for overseeing management in the performance of its financial reporting responsibilities. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with external auditors. The Council is also responsible for recommending the appointment of the municipality's external auditors.

Pinnacle Business Solutions, an independent firm of Chartered Professional Accountants, is appointed by the Council to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings.

#### INDEPENDENT AUDITOR'S REPORT

To the Members of Village of Loon Lake

#### Opinion

We have audited the financial statements of Village of Loon Lake (the organization), which comprise the statement of financial position as at December 31, 2023, and the statements of operations, changes in annual surplus (deficit), changes in net financial debt and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the organization as at December 31, 2023, and the results of its operations and cash flows for the year then ended in accordance with Canadian public sector accounting standards (PSAS)

#### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the organization in accordance with ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other Matter

The prior period was adjusted to include 50% of the Loon Lake Fire Department. See note 27 for the effect on the accumulated surplus.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PSAS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the organization's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the organization or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the organization's financial reporting process.

Independent Auditor's Report to the Members of Village of Loon Lake (continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
  a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
  involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
  control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the organization's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the organization's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the organization to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying notes and schedules are an integral part of these statements.

Village of Loon Lake Notes to the Consolidated Financial Statements As at December 31, 2023

#### 1. Significant Accounting Policies

The consolidated financial statements of the municipality have been prepared by management in accordance with Canadian public sector accounting standards (PSAS) as recommended by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies adopted by the municipality are as follows:

Basis of Accounting: The consolidated financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting requires revenues to be recognized as they become available and measurable and expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

a) Reporting Entity: The consolidated financial statements consolidate the assets, liabilities, and flow of resources of the municipality. The entity is comprised of all of the organizations that are owned or controlled by the municipality and are, therefore, accountable to the Council for the administration of their financial affairs and resources. Entities included in these consolidated financial statements are as follows:

Entity
Village of Loon Lake

Evergreen Terrace

Loon Lake Fire Department

All inter-organizational transactions and balances have been eliminated.

Partnerships: A partnership represents a contractual arrangement between the municipality and a party or parties outside the reporting entity. The partners have significant, clearly defined common goals, make a financial investment in the partnership, share control of decision making, and share, on an equitable basis, the significant risks and benefits associated with the operations of the partnership. These consolidated financial statements contain the following partnerships:

Partnership #1 (consolidated %) (2022 – consolidated %) -{proportionate consolidation or modified equity method). Partnership #1 (consolidated %) (2022 – consolidated %) -{proportionate consolidation or modified equity method).

All inter-organizational transactions and balances have been eliminated.

- b) Collection of funds for other authorities: Collection of funds by the municipality for school boards, municipal hai, I and conservation and development authorities are collected and remitted in accordance with relevant legislation.
- c) Government Transfers: Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return. Government transfers are recognized as revenue in the period that the events giving rise to the transfer occur, providing:
  - a) the transfers are authorized
  - b) any eligibility criteria and stipulations have been met; and
  - c) reasonable estimates of the amounts can be made.

Unearned government transfer amounts received will be recorded as deferred revenue until eligibility criteria or stipulations are met.

Earned government transfer amounts not received will be recorded as an amount receivable.

Government transfers to individuals and other entities are recognized as an expense when the transfers are authorized and all eligibility criteria have been met.

- d) Other (Non-Government Transfer) Contributions: Unrestricted contributions are recognized as revenue in the year received or in the year the funds are committed to the municipality if the amount can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are contributions for which the contributor has placed restrictions on the use of the resources. Externally restricted contributions are deferred until the resources are used for the purpose specified, at which time the contributions are recognized as revenue. In-kind contributions are recorded at their fair value when they are received.
- e) Deferred Revenue Fees and charges: Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.
- f) Local Improvement Charges: Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.
- g) Net Financial Assets: Net Financial Assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.
- h) **Non-financial Assets:** Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.
- i) Appropriated Reserves: Reserves are established at the discretion of Council to designate surplus for future operating and capital transactions. Amounts so designated are described on Schedule 8.
- j) Property Tax Revenue: Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles, and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by council. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred.

  Requisitions operate as a flow through and are excluded from municipal revenue.

#### 1. Significant Accounting Policies - continued

k) Financial Instruments: Derivative and equity instruments that are quoted in an active market are carried at fair value. All other financial instruments are measured at cost/amortized cost; financial assets measured at amortized cost are recognized initially net of transaction costs with interest income recognized using the effective interest rate method. Impairment losses are recognized in the statement of operations when there is an other than temporary decline in value.

#### [If applicable

The municipality has elected to measure other specific instruments at fair value, to correspond with how they are evaluated and managed. As follows:

- List any financial instruments elected to be measured at fair value |

Interest and dividends attributable to financial instruments are reported in the statement of operations. Unrealized gains and losses are recognized in the statement of remeasurement gains and losses. When the investment is disposed of the accumulated gains or losses are reclassified to the statement of operations.

[if externally restricted financial instruments exist: When investment income and unrealized gains and losses from changes in the fair value of financial instruments are externally restricted, the investment income and fair value changes are recognized as liabilities until the external restrictions are satisfied.]

Long-term debt: Long-term debt is initially recognized net of premiums, discounts, and transaction costs and is measured at amortized cost with interest expense recognized using the effective interest rate method.

Long-term receivables: Receivables with terms longer than one year have been classified as other long-term receivables.

#### Measurement of Financial Instruments:

The municipalities financial assets and liabilities are measured as follows:

Financial Statement line item Measurement Cash & Cash Equivalents Cost and amortized cost Investments Fair value and cost/amortized cost Other Accounts Receivable Cost and amortized cost Long term receivables Amortized cost Debt Charges Recoverable Amortized cost Bank Indebtedness Amortized cost Accounts payable and accrued liabilities Cost Cost Long-Term Debt Amortized cost Derivative Assets and Liabilities Fair Value

- Inventories: Inventories of materials and supplies expected to be used by the municipality are valued at the lower of cost or replacement cost. Inventories of land, materials, and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the average cost method. Net realizable value is the estimated selling price in the ordinary course of business.
- m) Tangible Capital Assets: All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant deflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. Tangible capital asset stat are recognized at a nominal value are disclosed on Schedule 6. The municipality's tangible capital asset useful lives are estimated as follows:

| Asset                   | <u>Useful Life</u> |
|-------------------------|--------------------|
| General Assets          |                    |
| Land                    | Indefinite         |
| Land Improvements       | 5 to 20 Yrs.       |
| Buildings               | 10 to 50 Yrs.      |
| Vehicles & Equipment    |                    |
| Vehicles                | 5 to 10 Yrs.       |
| Machinery and Equipment | 5 to 10 Yrs.       |
| Leased capital assets   | Lease term         |
| Infrastructure Assets   |                    |
| Infrastructure Assets   | 30 to 75 Yrs.      |
| Water & Sewer           | 30 to 75 Yrs.      |
| Road Network Assets     | 30 to 75 Yrs.      |

Government Contributions: Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the cost of the related asset.

Works of Art and Other Unrecognized Assets: Assets that have a historical or cultural significance, which include works of art, monuments, and other cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of future benefits associated with this property cannot be made.
[List other unrecognized assets, if any].

Capitalization of Interest: The municipality does not capitalize interest incurred while a tangible capital asset is under construction.

Leases: All leases are recorded on the consolidated financial statements as either a capital or operating lease. Any lease that transfers substantially all of the benefits and risk associated with the leased asset is classified as a capital leases and recorded as tangible capital assets. At the inception of a capital lease, an asset and a payment obligation are recorded at an amount equal to the lesser of the present value of the minimum lease payments and the asset's fair market value. Assets under capital leases are amortized on a straight line basis, over their estimated useful lives [lease term]. Any other lease not meeting the before mentioned criteria is classified as an operating lease and rental payments are expensed as incurred.

## Village of Loon Lake Notes to the Consolidated Financial Statements As at December 31, 2023

#### 1. Significant Accounting Policies - continued

- n) **Trust Funds:** Funds held in trust for others, under a trust agreement or statute, are not included in the consolidated financial statements as they are not controlled by the municipality. Trust fund activities administered by the municipality are disclosed in Note 18.
- o) **Employee Benefit Plans:** Contributions to the municipality's multiemployer defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the municipality's obligations are limited to their contributions.
- p) Liability for Contaminated Sites: Contaminated sites are a result of contamination being introduced into air, soil, water, or sediment of a chemical, organic, or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when all the following criteria are met:
  - a) an environmental standard exists;
  - b) contamination exceeds the environmental standard;
  - c) the municipality:
    - i. is directly responsible; or
    - ii. accepts responsibility:
  - d) it is expected that future economic benefits will be given up; and
  - e) a reasonable estimate of the amount can be made.
- q) Measurement Uncertainty: The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period.

Measurement uncertainty impacts the following financial statement areas:

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

The measurement of materials and supplies are based on estimates of volume and quality.

The 'Opening Asset costs' of tangible capital assets have been estimated where actual costs were not available.

Amortization is based on the estimated useful lives of tangible capital assets.

The liability associated with asset retirement obligations are measured with reference to the best estimate of the amount required to ultimately remediate the liability at the financial statement date, the discount rate, and inflation.

Measurement financial instruments at fair value and recognition and measurement of impairment of financial instruments requires the use of significant management estimates.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

r) Basis of Segmentation/Segment Report: The municipality follows the Public Sector Accounting Board's recommendations requiring financial information to be provided on a segmented basis. Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments (functions) are as follows:

General Government: Provides for the administration of the municipality.

Protective Services: Comprised of expenses for Police and Fire protection.

Transportation Services: Responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

Environmental and Public Health: The environmental segment provides waste disposal and other environmental services. The public health segment provides for expenses related to public health services in the municipality.

Planning and Development: Provides for neighbourhood development and sustainability.

Recreation and Culture: Provides for community services through the provision of recreation and leisure services.

Utility Services: Provides for delivery of water, collecting and treating of wastewater and providing collection and disposal of solid waste.

- s) **Budget Information**: Budget information is presented on a basis consistent with that used for actual results. The budget was approved by Council on June 8, 2023.
- Assets Held for Sale: the municipality is committed to selling the asset, the asset is in a condition to be sold, the asset is publicly seen to be for sale, there is an active market for the asset, there is a plan in place for selling the asset, and the sale is reasonably anticipated to be completed within one year of the financial statement date.

#### 1. Significant Accounting Policies - continued

u) Asset Retirement Obligation: Asset Retirement Obligations represent the legal obligations associated with the retirement of a tangible capital asset that result from its acquisition, construction, development, or normal use. The tangible assets include but are not limited to assets in productive use, assets no longer in productive use, leased tangible capital assets.

The liability associated with an asset retirement obligation is measured with reference to the best estimate of the amount required to ultimately remediate the liability at the financial statement date to the extent that all recognition criteria are met. Asset retirement obligations are only recognized when there is a legal obligation for the municipality to incur costs in relation to a specific TCA, when the past transaction or event causing the liability has already occurred, when economic benefits will need to be given up in order to remediate the liability and when a reasonable estimate of such amount can be made. The best estimate of the liability includes all costs directly attributable to the remediation of the asset retirement obligation, based on the most reliable information that is available as at the applicable reporting date. Where cash flows are expected over future periods, the liability is recognized using a present value technique.

When a liability for an asset retirement obligation is initially recognized, a corresponding adjustment to the related tangible capital asset is also recognized. Through the passage of time in subsequent reporting periods, the carrying value of the liability is adjusted to reflect accretion expenses incurred in the current period. This expense ensures that the time value of money is considered when recognizing outstanding liabilities at each reporting date. The capitalized asset retirement cost within tangible capital assets is also simultaneously depreciated on the same basis as the underlying asset to which it relates.

At remediation, the municipality derecognizes the liability that was established. In some circumstances, gains or losses may be incurred upon settlement related to the ongoing measurement of the liability and corresponding estimates that were made and are recognized in the statement of operations.

Loan Guarantees: The municipality provides loan guarantees for various (describe) organizations, which are not consolidated as part of the municipality's Statements. As the guarantees represent potential financial commitments for the municipality, these amounts are considered as contingent liabilities and not formally recognized as liabilities until the municipality considers it likely for the borrower to default on its obligation and the amount of the liability can be estimated. The municipality monitors the status of the organizations, loans, and lines of credit annually and in the event that payment by the municipality is likely to occur, a provision will be recognized in the Statements.

#### w) New Standards and Amendments to Standards:

#### Effective for Fiscal Years Beginning On or After April 1, 2023:

PS 3160, Public private partnerships, a new standard establishing guidance on how to account for and report on partnerships between public and private sector entities. Specifically those in which the entity in the public sector procures infrastructure in conjunction with a private sector entity. In these scenarios the private sector entity must have obligations to design, build, acquire or improve existing infrastructure. Furthermore they must also finance the transaction past the point in which the asset is initially ready for use along with operating and/or maintaining such on an ongoing basis. The standard applies to fiscal years beginning on or after April 1, 2023.

PS 3400, Revenue, a new standard establishing guidance on how to account for and report on revenue. The standard provides a framework for recognizing, measuring and reporting revenues that arise from transactions that include performance obligations and transactions that do not have performance obligations. Performance obligations are enforceable promises to provide specific goods or services to a specific payer. The standard is mandatory for fiscal years beginning on or after April 1, 2023. Earlier adoption is permitted. The standard may be adopted retroactively or prospectively.

PSG-8, Purchased intangibles, provides guidance on accounting for and reporting on purchased intangibles. It provides clarity on the recognition criteria, along with instances of assets that would not meet the definition of such. The standard may be adopted retroactively or prospectively.

The extent of the impact on adoption of these future standards is not known at this time.

#### x) New Accounting Policies Adopted During the Year:

P5 3450 Financial Instruments, a new standard establishing guidance on the recognition, measurement, presentation and disclosure of financial instruments, including derivatives. The standard requires fair value measurement of derivatives and equity instrument that are quoted in an active market; all other financial instruments can be measured at cost/amortized cost or fair value at the election of the government. Unrealized gains and losses are presented in a new statement of re-measurement gains and losses. There is the requirement to disclose the nature and extent of risks arising from financial instruments and clarification is given for the de-recognition of financial liabilities.

These measurements are to be applied prospectively with any difference between the fair value and the prior carrying value being recognized as an adjustment to accumulated remeasurement gains and losses at the beginning of the fiscal year. This standard was adopted in conjunction with PS 1201 - Financial Statement Presentation, PS 2601 - Foreign Currency Translation and PS 3041 - Portfolio Investments.

 $[Include \ only \ one \ of \ the \ relevant \ transitional \ provisions \ provided \ below; i.e.: \ Retroactive, \ Modified \ Retroactive \ or \ Prospective.\ ]$ 

PS 3280 Asset Retirement Obligations, a new standard establishing guidance on the accounting and reporting of legal obligations associated with the retirement of tangible capital assets controlled by a government or government or government organization. A liability for a retirement obligation can apply to tangible capital assets either in productive use or no longer in productive use. As this standard includes solid waste landfill sites active and post-closing obligations, upon adoption of this new standard, existing Solid Waste Landfill Closure and Post-Closure Liability section PS 3270 will be withdrawn.

Information presented for comparative purposes should be restated unless the necessary financial data is not reasonably determinable.

[Include only one of the relevant transitional provisions provided below; i.e.: Retroactive, Modified Retroactive or Prospective.]

[The provisions provided below are to be inserted above as applicable. Any provisions that are not used can be removed for final presentation.]

Modified Retroactive application: During the year, the municipality [changed its accounting policy or adopted a new accounting policy] with respect to (provide a description and details of the accounting policy). The municipality now accounts for such transactions (describe new accounting policy). Prior to this, the municipality accounted for these transactions (describe old accounting policy/treatment). The municipality believes the new policy provides a fair presentation of the results and the financial position of the municipality.

This [change in or adoption of] policy has been applied on a modified retroactive basis with restatement of prior period comparative amounts. The [change in or adoption of] accounting policy has impacted the municipality's consolidated financial statements as follows: (describe impact on current and comparative amounts).

(Retroactive with restatement of comparative figures, unless the necessary financial data are not reasonably determinable. The liability is measured as of the date it was incurred; however, the discount rate and assumptions used are those as of the first date of the current period / beginning of fiscal year of adoption.)

Prospective application: During the year, the municipality [changed its accounting policy or adopted a new accounting policy] with respect to (provide a description and details of the accounting policy). The municipality now accounts for such transactions (describe new accounting policy). Prior to this, the municipality accounted for these transactions (describe old accounting policy/treatment). The [change in or adoption of] accounting policy has impacted the municipality's consolidated financial statements as follows: (describe impact on current amounts).

Retroactive application: During the year, the municipality [changed its accounting policy or adopted a new accounting policy] with respect to (provide a description and details of the accounting policy). The municipality now accounts for such transactions (describe new accounting policy). Prior to this, the municipality accounted for these transactions (describe old accounting policy/treatment). The municipality believes the new policy provides a fair presentation of the results and the financial position of the municipality. This [change in or adoption of] policy has been applied retroactively with restatement of prior period comparative amounts. The impact on the municipality's consolidated financial statements is as follows: (describe impact on current and prior period amounts).

(Retroactive with restatement of prior periods, unless the necessary financial data are not reasonably determinable. The liability is measured as of the date it was incurred and the discount rate and assumptions used are those as of the date the legal obligation was incurred.)

| 2. Cash and Cash Equivalents            | 2023          | 2022          |
|---|---------------|---------------|
| Cash                                    | \$<br>642,096 | \$<br>783,227 |
| Short-term investments - amortized cost |               |               |
| Restricted Cash                         |               |               |
| Total Cash and Cash Equivalents         | \$<br>642,096 | \$<br>783,227 |

Cash and cash equivalents includes balances with banks and short-term deposits with maturities of three months or less. [Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.]

| Investments                                    | 2023       | 2022       |
|--|------------|------------|
| Investments carried at fair value:             |            |            |
| [List if any; e.g.: ]                          |            |            |
| Equity instruments quoted in an active market  |            |            |
| Portfolio investments                          |            |            |
| Derivatives                                    |            |            |
| Investments carried at amortized cost:         |            |            |
| Other Term-deposit CIBC 4.1% expires June 2024 | \$ 393,039 | \$ 377,559 |
| Government/government guaranteed bonds         |            |            |
| Total investments                              | \$ 393,039 | \$ 377,559 |

Short-term notes and deposits have effective interest rates of [% to % (Prior - % to %)] and mature in less than one year. Government and government guaranteed bonds have effective interest rates of [% to % (Prior - % to %)] with maturity dates from [date].

|   | 2023 | 2022 |
|---|------|------|
| Investment Income   |      |      |
| Interest  |      |      |
| Dividends   |      |      |
| Realized gains (losses) previously recognized in the statement of remeasurement |      |      |
| Realized gains (losses) on disposal   |      |      |
| Impairment charges  |      |      |
| Net settlement on Derivative Financial Instruments                              |      |      |
| Income from Portfolio Investments   |      |      |
| Total investment income   |      | -    |

Unrealized gains on equity investments carried at fair value of [\$\$ (Prior - \$\$)] have been recognized in the statement of remeasurement gains and losses.

| s Receivable - Municipal  |    | 2023    | 2022         |
|---|----|---------|--------------|

For those instruments measured at cost / amortized cost the carrying value approximates the fair value.

Financial instruments are classified as level 1, 2 or 3 for the purposes of describing the basis of the inputs used to measure the fair values of financial instruments in the fair value measurement category, as described below:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets / liabilities;
- Level 2 Inputs other than those in Level 1, that are either directly or indirectly observable for the assets or liabilities; and
- Level 3 Inputs that are not based on observable market data (unobservable inputs).

Fair value is determined by [For each group of financial instrument measured at fair value specify the methods and, when a valuation technique is used, the assumptions (e.g.: prepayment rates, rates of estimated credit losses, interest rates, discount rates) applied in determining fair values for each class of financial assets or financial liabilities. If there has been a change in valuation technique, a government discloses that change and the reasons for making it.]

[If there were no significant transfers during the period, use the following: There were no significant transfers between Fair Value Hierarchy Levels during the period.

If there were significant transfers between levels include the applicable following sections; any sections not used can be removed for final presentation:

| Estimated total liability   |    |       |                       |                |      |

#### Landfill

Landfill closure and post-closure care requirements have been defined in accordance with The Environmental Management and Protection Act and include final covering and landscaping of the landfill, pumping of ground water, methane gas and leachate management, and ongoing environmental monitoring, site inspection and maintenance. The reported liability is based on estimates and assumptions with respect to events extending over a [# of years]-year period using the best information available to management. Future events may result in significant changes to the estimated total expense, capacity used or total capacity and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

The estimated remaining capacity of the landfill is [%] - [#] cubic metres (prior year - % - [#] cubic metres) of its total estimated capacity of [#] cubic metres and its estimated remaining life is [#] years (prior year - [#] years). The period for post-closure care is estimated to be [#] years (prior year - [#]).

The unfunded liability for the landfill will be paid for [explain how will be financed] .

The Village of Loon Lake does not have any environmental liablities.

#### Asbestos

[If applicable] The municipality owns a [asset] which contains asbestos, and therefore, the municipality is legally required to perform abatement activities upon renovation or demolition of this asset. Abatement activities include handling and disposing of the asbestos in a prescribed manner when it is disturbed. Undiscounted future cash flows expected are an abatement cost in [year] of \$[value]\$. The estimated total liability of \$[amount]\$ (Prior year 20X2-\$[amount]) is based on the sum of discounted future cash flows for abatement activities using a discount rate of [rate]% and assuming annual inflation of [rate]%. The municipality has (not) designated funds for settling the abatement activities.

#### [Note: the below will need to be completed for significant ARO's that are not included above]

On [date], the municipality [completed construction of /acquired] an [asset name] that has an estimated useful life of [number] years. The municipality is legally required to [description of the obligation] at [the end of its useful life/other applicable time]. The [asset/asset category] is amortized over this period using the [amortization method]. In accordance with PS 3280, Asset Retirement Obligations, the municipality recognized the an Asset Retirement Obligation in the amount of [dollar value, initially discounted future value of the estimated remediation amount]. This balance was derived from an estimated undiscounted future remediation expenditure of [amount], expected to be incurred in [number] of years. The associated discount rate applied was [number]%. [If applicable, revisions to prior estimates associated with AROs should also be disclosed- including the nature, rationale and impact on net Income]. The above table describes all changes to the aforementioned ARO liability.

[In extenuating circumstances only, how any requirements for financial assurance and funding associated with asset retirement obligations, if legally required, are being met must also be disclosed }

[In some circumstances, recoveries may also be applicable. If this is the case, a disclosure of both the nature and amount should be made]

#### $[In\ extenuating\ circumstances\ only\ :$

As of 31 December 20X3, the municipality is not able to reasonably estimate the ARO for [the tangible capital asset], because of [reasons]. This obligation is [either disclosed or accrued as liability] in accordance with PS 3200, Liabilities. [Any other information related to the liability that would contribute to the user's overall understanding of the matter should also be included].]

Village of Loon Lake Notes to the Consolidated Financial Statements As at December 31, 2023

#### 13. Liability for Contaminated Sites

The Village of Loon Lake does not recognize any liability for containinated sites.

[Note: additional disclosure is required of the estimated total undiscounted expenditures and discount rate (when a net present value technique is used), as well as the reason for not recognizing a liability, if appropriate.]

#### 14. Long-Term Debt

a) The debt limit of the municipality is \$640,472. The debt limit for a municipality is the total amount of the municipality's own source revenues for the preceding year (the *Municipalities Act* section 161(1)).

Future principal and interest payments are as follows:

| Year       | Principal | Interest | Current Year Total | Prior Year Principal |
|------------|-----------|----------|--------------------|----------------------|
| 2024       |           |          | -                  |                      |
| 2025       |           |          | -                  |                      |
| 2026       |           |          | -                  |                      |
| 2027       |           |          | -                  |                      |
| 2028       |           |          | -                  |                      |
| Thereafter |           |          |                    |                      |
| Balance    | -         | -        | •                  | -                    |

Bank loans are repayable [describe terms including interest rates, repayment dates and amounts, and whether any amount is due on demand]. The bank loans are secured by a general assignment of property taxes receivable.

Future principal repayments are estimated as follows:

| Year       | Principal | Interest | Current Year Total | Prior Year Principal |
|------------|-----------|----------|--------------------|----------------------|
| 2024       |           |          | -                  |                      |
| 2025       |           |          | -                  |                      |
| 2026       |           |          | -                  |                      |
| 2027       |           |          | -                  |                      |
| 2028       |           |          | -                  |                      |
| Thereafter |           |          | -                  |                      |
| Balance    | -         | _        | -                  |                      |

#### 15. Lease Obligations

[Description of capital leases including interest rates, expiry dates and significant conditions of the lease agreements]

Future minimum lease payments under the capital leases together with the balance of the obligation due under the capital leases are as follows:

| as follows:                    |                  |  |        |
|--------------------------------|------------------|--|--------|
|                                | Year             | Payment  | Amount |
|                                | 2024             |  | -      |
|                                | 2025             |  | -      |
|                                | 2026             |  | -      |

Notes to the Consolidated Financial Statements
As at December 31, 2023

#### 18. Pension Plan

The municipality is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multiemployer defined benefit pension plan. The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The municipality's pension expense in 2023 was \$9,664 . The benefits accrued to the municipality's employees from MEPP are calculated using the following: Pensionable Years of Service, Highest Average Salary, and the plan accrual rate.

Total current service contributions by the municipality to the MEPP in 2023 were \$9,664\$ (2022 - \$9,641). Total current service contributions by the employees of the municipality to the MEPP in 2023 were \$9,644\$ (2022 - \$9,641). At December 31, 2023, the MEPP disclosed an actuarial deficiency/surplus of [\$].

For further information of the amount of MEPP deficiency/surplus information see: https://mepp.peba.ca/fund-information/plan-reporting

**Defined Contribution Plans:** The municipality's [specify applicable employee groups] participate in a defined contribution pension plan. The municipality's contributions to the plan are expensed when due.

#### 19. Comparative Figures

Prior year comparative figures have been restated to conform to the current year's presentation.

#### 20. Trusts Administered by the Municipality

A summary of trust fund activity by the municipality during the year is as follows: [Description of Trust i.e. Cemetery]

|                             | Current Year Total | Prior Year Total |
|-----------------------------|--------------------|------------------|
| Balance - Beginning of Year | ·                  |                  |
| Revenue (Specify)           |                    |                  |
| Interest revenue            |                    |                  |
| Expenditure (Specify)       |                    |                  |
| Balance - End of Year       |                    | -                |
|                             |                    |                  |

As at December 31, 2023

#### 21. Related Parties

The consolidated financial statements include transactions with related parties. The municipality is related to the mayor and council under the common control of the Council.

Transactions with these related parties are in the normal course of operations and are settled on normal trade terms.

#### 22. Contingent Assets

The municipality has the following contingent asset(s) for which the probability of [future event that would result in the asset(s)] occurring is likely, resulting in [describe the nature of the contingent asset] where the estimated or known assets are, or exceed [\$] at December 31 [current year] ([prior year: \$]). The future receipt of these assets is dependent on [describe nature of future event that will confirm existence of asset]. [When the disclosed amount is based on an estimate, explain basis of estimation].

Contingent assets are not recorded in the financial statements.

(or, in cases where the extent cannot be measured or when disclosure of the extent would have an adverse effect on the outcome, consider the following)

The municipality has the following contingent asset(s) for which the probability of [future event that would result in the asset(s)] occurring is likely, resulting in [describe the nature of the contingent asset]. The future receipt of these assets is dependent on [describe nature of future event that will confirm existence of asset]. [Describe the reason for non-disclosure of the extent of the contingent asset].

Contingent assets are not recorded in the financial statements.

#### 23. Contractual Rights

Contractual rights are rights to economic resources arising from contracts or agreements that will result in an asset and revenue in the future. Significant contractual rights of the municipality are as follows:

| Contractual Rights Type  | Describe Nature Time and<br>Extent | 2023 | 2022 | 2023 | 2024 | 2025 | Thereafter | No Fixed<br>Maturity<br>Date | Current<br>Year Total | Prior Year<br>Total |

#### 26. Risk Management

Through its financial assets and liabilities, the municipality is exposed to various risks as follows:

#### Credit Risk

Credit risk is the risk that one party to a financial instrument will fail to discharge their responsibilities with respect to the financial instrument, and in so doing, cause a loss for the other party. The financial instruments that potentially subject the municipality to credit risk consist of trade accounts receivable and municipal taxes receivable. The risk is mitigated by an allowance for doubtful accounts and the ability of tax enforcement.

| The municipalities maximum exposure to credit risk as at December 31 is as follows: | (  | 2023   |
|---|----|--------|
| Municipal taxes receivable  | \$ | 54,547 |
| Trade accounts receivable   |    | 10,812 |
| Maximum credit risk exposure  | \$ | 65,359 |

The Village has mitigated its exposure to credit risks on financial instruments through an allowance for doubtful accounts and the ability of tax enforcement.

#### 26. Risk Management continued

#### Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency and other price risk.

#### Interest Rate Risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The financial instruments that potentially subject the municipality to interest rate risk consist of [financial statement line items impacted, how this risk is mitigated and any changes in exposure to the risk from prior period ].

[If applicable: The municipality obtained a loan from [the loaner] in [year] with an interest rate of [%] plus prime rate. Since 2022, with significant inflation occurred, Bank of Canada has increased the prime rate from 2.70% to [current prime rate, 5.45% as of September 2022]. This change has result in an increase on interest payable on [the loan] by [amount] from 31 December 2022 to 31 December 2023, which may also increase the deficiency.

To mitigate this interest rate risk, [the municipality] entered into [a forward rate agreement or future contract] with [the bank] on terms of [contract terms]. The income earns from the [forward/futures contract] will offset the increase on the interest payable.

[Disclose the purpose for each class of derivatives held by the entity; including how derivatives support managing the nature and extent of interest rate risk].

Sensitivity Analysis of Interest Rate Changes:

| lecrease in  |

| _            |

| Increase (decrease to operating surplus (deficit)  |  |
|--|--|
|  |  |
| Increase (decrease to remeasurement gains (losses) |  |

#### Currency Risk

Currency risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in currency fluctuations. [Disclose reference to purchases in US Dallars that result in exposure to currency risk and how this risk is mitigated].

[Disclose the purpose for each class of derivatives held by the entity; including how derivatives support managing the nature and extent of currency risk].

#### Other Price Risk

Other price risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in fair value of equity investments. The financial instruments that potentially subject the municipality to other price risk consist of [financial statement line items impocted and how this risk is mitigated and any changes in exposure to the risk from prior period ].

#### 27. Correction of Prior Period Error

Subsequent to the year ended December 31, 2023, the Village of Loon Lake identified an error of not including the proportionate consolidation of the Loon Lake Fire Department. Due to this error, the village's asstes, liabilities and accumulated surplus were understated. The prior period comparative amounts have been restated from those previously reported to correct for this error. The correction of this error has impacted the village's consolidated financial statements as follows:

| Increase in financial assets           | \$<br>95,380  |
|--|---------------|
| Increase in tangible capital assets    | 62,470        |
| Increase in liabilities                | 948           |
| Increase in other non-financial assets | 653           |
| Increase in accumulated surplus        | \$<br>157,535 |

#### 28. Subsequent Events

The Village of Loon Lake has not identified any subsequent events that will affect these financial statements.

#### 29. Loan Guarantees

| The Village of Loon Lake does not have any loan guarantees.   |  |
|---|--|
| In 2023, the municipality provided capital loan guarantees to various organizations amounting to $^2$ 2024 and 20XX (2022 – 2023 and 20XX). | (2022 – \$). The municipality's guarantees are set to expire between |
| In 2023, the municipality provided line of credit guarantees that have an aggregate value of \$   | _ (2022 – \$).   |
